

AVIATION INSURANCE | *Safeguarding your investments.*

You have worked hard to build your business and would not want to jeopardize it with an inadequate risk management plan. If your flight department is looking to maximize the total value that an insurance program can provide, you will find Colt Risk Management Services to be a complete risk management organization and a trusted, long-term partner.

While others view insurance as a liability, we believe you should realize a return on your insurance investments. In addition to ensuring you are adequately covered and not over-paying for your policy, our aviation experts provide value-added benefits found nowhere else in the industry such as:

- ▶ Complete IS-BAO implementation
- ▶ In-house claims advocates
- ▶ Security and Safety advisories
- ▶ Quarterly risk management guides
- ▶ Semi-annual market updates for budgeting purposes
- ▶ Online access for on-demand certificate insurance and policy information
- ▶ Safety and loss control services
- ▶ Employee recruiting and retention tools such as Loss of License or Loss of Medical protection
- ▶ Business Traveler protection, including travel assistance, concierge services, identity theft protection, personal security assistance, medical assistance, emergency evacuation, trip delay, missed connection, and baggage delay/loss coverage

We make certain that your investments and your people are protected.

Our deep aviation experience helps you to better identify and evaluate risks. We work with you to develop strategies which address every aspect of your business, to help keep costs down and prevent losses. These services include policy analysis and design, safety programs, regulatory compliance, and claims management.

Solutions that fit your needs.

The depth of our relationships with top-rated carriers, the breadth of our services, and the experience of our people enables CRMS to match your operation with the optimal policy and personal service that will bring lasting value and peace of mind.

Ensure your assets are protected. Contact us today for your risk-free, confidential policy review and quote.
